

PLANIT

Strategic + Transport Town Planning

Professional Profile

Audrey Rahimi

Audrey is passionate about creating vibrant, sustainable, and inclusive communities through thoughtful urban planning and innovative design solutions.

Audrey has a background in Geology and over three years of experience in the urban planning industry, providing her with a multidisciplinary perspective in her role as a Town Planner. She has demonstrated capability in coordinating diverse projects from concept to completion, with a focus on delivering sustainable and practical solutions for vibrant communities. Currently, she is developing her skills further at PLANIT, contributing to initiatives that prioritise strategic development and community well-being.
